

INSTALLATION INSTRUCTIONS

Part Number SU-6006

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter.
2. Carefully clean the inside of the air box.
3. Install the K&N Filtercharger® into the air box base making sure it is completely seated.
(Fig. 1)
4. Reinstall the air box lid.
5. Tighten all of the stock screws.

Note: Make sure to use the screw in the middle of the air box lid. (Fig. 2) This screw holds down the K&N Filtercharger® inside of the air box.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
